*Dance Magic is offering two different classes to suit the individual needs of the Santa Monica Montessori School student. The Children's Combination Classes in tap, ballet, jazz, creative movement and tumbling take place on Wednesdays and emphasize balance, rhythm, flexibility, musicality and spatial awareness for students ages 3 to 14 years old. These weekly sessions will aid a child in exploring movement, gaining self-confidence, and learning how to follow directions in an environment where children are having fun while learning. Ballet classes are offered on Fridays and consist of a traditional barre, center floor work, diagonale work and ballet terminology. **This class is meant for the dancer five years of age and older** who would like to focus on ballet, the foundation for all other dance forms. All classes are 40 minutes in length and continue throughout the year. Taken together, they offer a complete dance education for the student. A spring recital is presented in early June featuring all students.*

Parents wishing to enroll their child in movement classes should complete the lower portion of this form and return it to the school reception desk.
